

MC²*Marketing Coordinators Connection*

Marketing Coordinators Connection (MC2) was created to provide Marketing Coordinators a relaxed, peer-to-peer forum to build a network, discuss concerns, and share A/E/C best practices.

All Marketing Coordinators are welcome to join this series of informal meetings geared toward getting the most out of our A/E/C peer relationships. These peer-to-peer exchange sessions occur every three months and rotate between MC2 members' offices or conveniently-located eateries and frequently feature senior leaders who facilitate discussions. Topics and format vary each session. Events run 60 minutes, providing a 20-minute networking session and a 35-minute MC2 discussion.

For upcoming dates and locations, visit the Upcoming Events section on the SMPS Chicago website at [www.http://smps-chi.org](http://smps-chi.org).

If you are interested in hosting a meeting at your office or have any questions, please contact us:
